PROFESSIONAL SUMMARY

Detail-oriented Computer Science graduate with hands-on experience in data analytics, business intelligence, and dashboard development. Proficient in Power BI, Microsoft Excel, and SQL, with practical exposure to API integration, DAX modeling, and data-driven reporting. Passionate about leveraging data to support business decisions, with a growing interest in fintech and Mobile Financial Services ecosystems. Published researcher (IEEE, Scopus-indexed) and experienced presenter, with proven ability to communicate insights clearly to both technical and non-technical audiences. A collaborative team player with demonstrated leadership in cross-functional environments.

PROJECTS

Real-Time Weather Intelligence Dashboard, Power BI + API Integration

GitHub [🔗](#)

- Integrated WeatherAPI and transformed JSON data using Power Query
- Built data model and DAX measures for AQI and trend analysis
- Designed dashboard for real-time multi-city comparison

HR Analytics & Employee Attrition Dashboard, Power BI

GitHub [🔗](#)

- Analyzed 941 employee records, identifying 13.8% attrition rate
- Extracted insights on salary, age group, and job role trends
- Built interactive Power BI dashboard using DAX and KPIs

Sales & Revenue Analysis Dashboard, Microsoft Excel, DAX | Power Pivot | Lookup Functions | Data Modeling

GitHub [🔗](#)

- Modeled revenue trends across product categories using Power Pivot and DAX measures across a multi-sheet workbook
- Applied XLOOKUP, VLOOKUP, and HLOOKUP for dynamic cross-sheet data retrieval
- Built interactive PivotTable dashboards with calculated fields and KPI tracking
- Simulated revenue targets using What-If Analysis (Goal Seek & Scenario Manager)

EDUCATION

B.Sc. in Computer Science & Engineering,

Dhaka, Bangladesh

Daffodil International University

- CGPA: 3.55 / 4.00
- Relevant Coursework: Database Management Systems, Statistics, Data Science, Software Engineering

TECHNICAL SKILLS

Data & Analytics

- Power BI (DAX, Dashboarding, Data Modeling)
- Microsoft Excel (Pivot Tables, What-If Analysis, Advanced Formulas)
- SQL (Joins, Queries, Data Extraction)
- Python (Pandas, NumPy)
- Microsoft PowerPoint (Data Storytelling, Reporting)

Soft Skills & Communication

- Public Speaking & Presentation
- Data Storytelling & Report Communication
- Cross-functional Team Collaboration
- Stakeholder Coordination & Event Management
- Leadership & Team Leadership
- Analytical Thinking & Problem Solving

RESEARCH & PUBLICATION

Comparative Study of CNN-Based Transfer Learning Models for Osteoporosis Detection in X-ray Images (Accepted at the IEEE 2nd International Conference on Quantum Photonics, Artificial Intelligence, and Networking)

- To be published in IEEE Xplore Digital Library (Scopus Indexed)
- Role: Lead Author & Presenter
- Delivered a poster presentation at the IEEE QPAIN International Conference, CUET — representing the paper to an audience of researchers and academics
- Contribution: Evaluated CNN-based transfer learning models for medical image classification

LEADERSHIP & EXTRACURRICULAR ACTIVITIES

Rajshahi Students Association DIU, Vice President

- Led and organized events for 300+ students, managing planning, logistics, and communication
- Coordinated teams and stakeholders to ensure successful execution of programs
- Strengthened leadership, teamwork, and organizational capabilities

DIU Job Utso 2025, Protocol Officer

- Led a 6-member volunteer team and managed protocol responsibilities for corporate guests
- Ensured smooth coordination and professional guest experience during large-scale event
