SYED SHAHRIAR AHMED

Data Analyst & BI Specialist · ERP & Data Operations

syedshahriarahmed0@gmail.com | +880 1737 712021 | Uttara, Dhaka, Bangladesh | LinkedIn | GitHub: Shahriarshihab5

PROFESSIONAL SUMMARY

Detail-oriented Computer Science graduate with combined experience in ERP data operations, business intelligence, and dashboard development. At Bata's Local Sourcing department, managed ERP records and sourcing data to keep operational information accurate, structured, and decision-ready. Proficient in Power BI, Microsoft Excel, SQL, and Python, with practical exposure to API integration, DAX modeling, and data-driven reporting. Published IEEE researcher (Scopus-indexed) and experienced presenter, with a proven ability to communicate insights clearly to technical and non-technical audiences.

PROFESSIONAL EXPERIENCE

Officer — ERP & Data Operations 11 Aug 2026 – 14 Oct 2026

Bata · Local Sourcing Department, Dhaka, Bangladesh

- Managed ERP and data operations for the Local Sourcing department, maintaining accurate and structured sourcing records.
- Validated and maintained supplier, sourcing, and procurement data to support daily operations and management reporting.
- Prepared operational reports and coordinated with cross-functional teams to resolve data discrepancies.
- Improved consistency of sourcing master data to support faster, more reliable business decisions.

PROJECTS

Real-Time Weather Intelligence Dashboard Power BI · DAX · Power Query

- Integrated WeatherAPI and transformed JSON data using Power Query to build a reusable data model.
- Built DAX measures for AQI and trend analysis, enabling real-time multi-city comparison.

HR Analytics & Employee Attrition Dashboard Power BI · DAX · Data Modeling

- Analyzed 941 employee records to identify a 13.8% attrition rate and key workforce trends.
- Built an interactive dashboard with DAX KPIs covering salary, age group, and job role insights.

Sales & Revenue Analysis Dashboard Microsoft Excel · Power Pivot · What-If Analysis

- Modeled revenue trends across product categories using Power Pivot and DAX in a multi-sheet workbook.
- Built interactive PivotTable dashboards and simulated revenue targets with Goal Seek and Scenario Manager.

AI-Powered Osteoarthritis Detection CNN · React.js · Flask · Deep Learning

- Developed a full-stack medical image classification system using convolutional neural networks.
- Corresponding lead author of the IEEE-accepted research paper behind the system.

EDUCATION

B.Sc. in Computer Science & Engineering CGPA 3.56 / 4.00

Daffodil International University, Dhaka, Bangladesh

Relevant coursework: Database Management Systems, Statistics, Data Science, Software Engineering

TECHNICAL SKILLS

Data & Analytics

- Power BI — DAX, dashboarding, data modeling
- Microsoft Excel — Pivot Tables, What-If Analysis, advanced formulas
- SQL — joins, queries, data extraction
- Python — Pandas, NumPy
- ERP data operations & master data management

Software & Tools

- React.js, Node.js, Flask
- Git & GitHub, REST APIs
- MongoDB, Tailwind CSS
- Data storytelling & reporting
- Stakeholder coordination & team leadership

RESEARCH & PUBLICATION

Comparative Study of CNN-Based Transfer Learning Models for Osteoporosis Detection in X-ray Images 2024–2025

IEEE 2nd International Conference on Quantum Photonics, Artificial Intelligence, and Networking (QPAIN) · IEEE Xplore (Scopus Indexed)

- Role: Lead Author & Presenter; delivered a poster presentation at CUET.
- Evaluated CNN-based transfer learning models for medical image classification.

LEADERSHIP & EXTRACURRICULAR ACTIVITIES

Rajshahi Students Association DIU — Vice President 2024–2025

- Led and organized events for 300+ students, managing planning, logistics, and communication.
- Coordinated teams and stakeholders to ensure successful program execution.

DIU Job Utsob 2025 — Protocol Officer 2025

- Led a 6-member volunteer team and managed protocol for corporate guests during a large-scale career fair.
