Uttara, Bangladesh LinkedIn GitHub Portfolio

PROFESSIONAL SUMMARY

Data Analyst and Computer Science graduate (CGPA 3.56/4.00) with professional experience in MIS reporting, data operations, and business documentation. Proficient in Advanced Excel, SQL, Power BI, and Python for data cleaning, analysis, KPI monitoring, and dashboard development. Currently working in Bata's Local Sourcing Department, supporting operational reporting, data validation, and cross-functional coordination. Strong analytical and problem-solving abilities with a focus on improving business efficiency through data-driven insights.

PROFESSIONAL EXPERIENCE

Bata Shoe Company, *Local Sourcing Department Officer* 08/2026 – Present

- Prepared daily and weekly MIS-style sourcing reports using ERP and Excel
- Collected and organized data for department use
- Coordinated with other departments to gather accurate data
- Checked data for accuracy before submission

EDUCATION

B.Sc. in Computer Science & Engineering, *Daffodil International University* January, 2026

- CGPA: 3.56 / 4.00

Higher Secondary Certificate (HSC), *Rajshahi Court College* 2020

- GPA 4.67 / 5.00
- Group: Science

Secondary School Certificate (SSC), *Naohata Government High School* 2018

- GPA 4.39 / 5.00
- Group: Science

PROJECTS

Real-Time Weather Intelligence Dashboard, *Power BI + API Integration*
Github

- Integrated WeatherAPI and transformed JSON data using Power Query
- Built data model and DAX measures for AQI and trend analysis
- Designed dashboard for real-time multi-city comparison

Music Store Data & Business Intelligence Analysis, *SQL (PostgreSQL)*
Github

- Formulated complex multi-table joins, subqueries, and recursive CTEs across 11 relational tables to audit business growth and customer spending metrics.
- Implemented Window Functions (ROW_NUMBER() OVER(PARTITION BY...)) to segment regional purchase data and isolate top-performing music genres by country.
- Engineered optimized data extraction workflows to track high-value customer segments, providing actionable insights for targeted marketing and promotional events.

Executive Sales Performance & Business Dashboard, *Microsoft Excel*
Github

- Cleaned and structured raw transactional data across multiple business dimensions.
- Built dynamic data aggregation models using PivotTables and calculated fields.
- Engineered an interactive KPI dashboard with slicers and timelines for executive tracking.

HR Analytics & Employee Attrition Dashboard, *Power BI, Python (Pandas)*
Github
- Cleaned and pre-processed 1.47K employee records in Python (Pandas) — handling missing values, removing redundant columns, and engineering a tenure-group feature — before building the Power BI model
- Analyzed current and terminated staff, identifying a 16.12% termination rate
- Built segmented attrition analysis by Work-Life Balance, Job Satisfaction, and Education level to surface key retention drivers
- Designed compensation analysis using DAX measures for Average Monthly Rate by tenure group and gender, alongside quarterly hiring vs. termination trends

CERTIFICATES

Data Analytics Job Ready Program
Certificate Link
- **Performance:** Achieved 100% in Assignments and 100% in Live Tests under the Ostad Vetted assessment standard.
- **Core Competencies:** End-to-end data analytics lifecycle, data modeling, complex DAX formulation, Power Query data transformation, and SQL/PostgreSQL database querying.
- **Advanced Excel:** XLOOKUP, VLOOKUP, PivotTables, What-If Analysis, Power Pivot, Power Query, Scenario Manager, Macros, and formulas including SUMIFS, TRIM, MAX, MIN
- **Business Intelligence:** Built industry-standard interactive dashboards, key influencers visual analytics, AI anomaly detection, and automated report publishing workflows.

EF SET English Certificate – C1 Advanced
- **Listening:** C2 Proficient — Able to comprehend complex, fast-paced speech, nuance, and professional technical jargon.
- **Reading:** C1 Advanced — Proficient in interpreting demanding technical documentation, business briefs, and complex operational procedures.

TECHNICAL SKILLS

Data & Analytics
- Excel (Advanced), Power Query, Power Pivot, DAX, Pivot Tables, Data Cleaning & Modeling
- Power BI (Dashboards, Data Visualization)
- SQL, Data Analysis & Reporting

Programming & Data
- Python (Pandas, NumPy), JavaScript
- Data Processing, Statistical Analysis & Exploratory Data Analysis

Tools & Development
- Git
- GitHub
- VS Code

LEADERSHIP & EXTRACURRICULAR ACTIVITIES

Rajshahi Students Association DIU, *Vice President*
- Led and organized events for 300+ students, managing planning, logistics, and communication
- Coordinated teams and stakeholders to ensure successful execution of programs
- Strengthened leadership, teamwork, and organizational capabilities

DIU Job Utsob 2025, *Protocol Officer*
- Led a 6-member volunteer team and managed protocol responsibilities for corporate guests
- Ensured smooth coordination and professional guest experience during large-scale event
